NEW LEED CERTIFICATIONS AT MMM DESIGN GROUP

NORFOLK, Va.— MMM Design Group is pleased to announce that Christopher G. McKnight, PE, and Jannelle A. Logan, EIT, have become LEED™ (Leadership in Energy and Environmental Design) Accredited Professionals.

McKnight, a Senior Civil Engineer in MMM's Charlottesville office, has 11 years experience in aviation, stormwater, site development, and utility projects. Logan, a Civil Engineer, is an Old Dominion University graduate, and joined the firm in 2007 after working as an intern the previous year.

LEED™ Accredited Professionals are specialists in sustainable design and construction, green engineering, and building projects. Green Buildings cost less to operate and maintain; are energy- and water-efficient; have higher lease-up rates than conventional buildings in their markets; are healthier and safer for occupants; and are a physical demonstration of the values of the organizations that own and occupy them.

MMM Design Group is a full-service architecture, engineering and planning firm headquartered in Norfolk. The firm's multi-disciplined team of professional architects, interior designers, planners, landscape architects, civil, structural, electrical and mechanical engineers has experience with projects in the fields of higher education, defense, homeland security, criminal justice, transportation, recreation, environmental protection, and historic restoration.
