MMM DESIGN GROUP NAMES OFFICERS AND ASSOCIATES

Norfolk, Va—MMM Design Group is proud to announce that Joseph H. Schinstock, III, PE, has been appointed to the Board of Directors. Randall O. Carey, AIA, and B. Taylor Gould, CLA, ASLA, APA, have been named Associates.

Schinstock is a vice president in the firm and also serves as Office Manager for the firm's Charlottesville office. His professional experience spans 20 years and includes experience in bridge design, inspection, assessment, and repair. He has general oversight of the firm's architectural and engineering projects throughout central and western Virginia. Schinstock has led several A/E contracts for higher education and municipal clients.

Carey has 20 years of comprehensive design and management experience. His background includes schematic design through construction documents for various government, commercial and residential buildings at locations across the Commonwealth. He has completed master planning projects for site development for several recreational facilities and retail centers. Carey's career has a strong focus on the design and restoration of urban parking structures.

Gould's experience spans eleven years and includes site analysis, master planning, site design, recreation design and master planning, estate design, comprehensive planning, trail design, and planting design. His knowledge and experience in construction documents includes grading plans, layout and dimensioning, site details, irrigation, lighting, earthwork estimations and specifications. Gould is also practiced in visual analysis, rendering, graphic skills, and sketching. He has over a decade of project management, design, construction and leadership experience.

MMM Design Group is a full-service architecture, engineering and planning firm headquartered in Norfolk. The firm's multi-disciplined team of professional architects, interior designers, landscape architects, planners, civil, structural, electrical and mechanical engineers has experience with projects in the fields of higher education, defense, homeland security, criminal justice, transportation, recreation, environmental protection, and historic restoration.
