**MMM DESIGN GROUP NAMES OFFICERS AND ASSOCIATES**

**Norfolk, Va**—MMM Design Group is proud to announce the promotion of Wylie R. Cooke, Jr., PE, and Billy R. Jenkins, PE to Executive Vice Presidents. Don M. Gay, PE, has been appointed to the Board of Directors. Carl W. Rogers, Jr., AIA, Brian A. Turner, PE, LEED AP, and Eugene D. Thayer, PE, have been named Associates.

Cooke has more than 30 years of architectural design and project management experience encompassing a broad range of new construction, renovations, restorations and expansion projects. Mr. Cooke is licensed to practice architecture in Virginia, North Carolina, Maryland, South Carolina and he is NCARB certified. Professionally, he is past president of the Virginia Chapter of the AIA and served on the National Committee for Criminal Justice.

Jenkins has been employed by the firm for 20 years. Mr. Jenkins holds current professional registrations in the states of Virginia, Maryland, South Carolina and the District of Columbia. He is a member of several professional and technical engineering societies; among them are NSPE, VSPE, SAME, ACI, ASCE, AISI, and ASTM.

Gay's professional experience spans 25 years and includes the mechanical engineering design of a wide diversity of projects—from institutions of higher learning, medical, commercial, industrial, and military facilities, to highly specialized HVAC and refrigeration systems and energy management and control systems. He also is a vice president in the firm.

Rogers, a Tulane University graduate, has more than 25 years of architectural design experience, including the design-build, project management, and construction administration of government, commercial and higher education buildings.

Turner has more than seven years of experience in sizing and designing mechanical systems for universities, secondary schools, military facilities, jails, industrial facilities and public housing. He is also certified as a LEED™ Accredited Professional. Turner holds a BSE in Mechanical & Biomedical Engineering from Duke University.

Thayer has more than 30 years of civil engineering design experience, including site planning, storm drainage design, utility design, and pump station design. Thayer is a graduate of Virginia Polytechnic Institute and State University.

MMM Design Group is a full-service architecture, engineering and planning firm headquartered in Norfolk. The firm's multi-disciplined team of professional architects, interior designers, landscape architects, planners, civil, structural, electrical and mechanical engineers has experience with projects in the fields of higher education, defense, homeland security, criminal justice, transportation, recreation, environmental protection, and historic restoration.
