**FELKER AND BOATRIGHT JOIN MMM DESIGN GROUP**

**NORFOLK, Va**—Brian P. Felker, PE has joined MMM Design Group as Building Section Manager in the Structural Department. Mark R. Boatright, PE, has rejoined the firm as a mechanical engineer.

Felker has more than seven years of structural engineering experience, including employment stints with Stroud, Pence & Associates and the U.S. Naval Facilities Engineering Command (NAVFAC). Mr. Felker has also served as principal design engineer and lead structural engineer on a variety of engineering projects relating to the renovation and construction of academic, office, and industrial buildings, as well as structures for religious institutions, restaurant/retail outlets and private residences. Felker joined the firm this summer and has a BS in civil engineering from Virginia Tech.

Boatright, an Old Dominion University graduate, has 20 years of experience in the design of mechanical building systems. He has worked on a number of projects, including complete building mechanical systems and plumbing design for higher education, commercial, and military projects.

MMM Design Group is a full-service architecture, engineering and planning firm headquartered in Norfolk. The firm's multi-disciplined team of professional architects, interior designers, planners, civil, structural, electrical and mechanical engineers has experience with projects in the fields of higher education, defense, homeland security, criminal justice, transportation, recreation, environmental protection, and historic restoration.
