**LANE JOINS MMM DESIGN GROUP**

**NORFOLK, Va**—Kevin M. Lane, PE has joined MMM Design Group as a Structural Engineer.

Lane is a registered professional engineer with five years of experience as a structural engineer working primarily within the transportation field. He comes to MMM from the Virginia Department of Transportation, where he designed new and replacement bridges, as well as retrofitting and rehabilitation of various existing structures. He also has performed analyses, load ratings, and assessments for bridges, tunnels, and various operations facilities. Lane has a Bachelor's of Science and a Master of Engineering in Civil Engineering, both from Old Dominion University.

MMM Design Group is a full-service architecture, engineering and planning firm headquartered in Norfolk. The firm's multi-disciplined team of professional architects, interior designers, planners, civil, structural, electrical and mechanical engineers has experience with projects in the fields of higher education, defense, homeland security, criminal justice, transportation, recreation, environmental protection, and historic restoration.
